

# Babita

React Native / Frontend Developer

+919034100895 | ashikamittal11@gmail.com | <https://www.linkedin.com/in/babitamittal/> | <https://github.com/Babita153>

---

## Education

---

**Bachelors of technology in Computer Science**

**2023- Present**

Seth Jai Parkash Mukand Lal Institute of Engineering and Technology

Ranked 5<sup>th</sup> and 8<sup>th</sup> position in Kurukshetra University (KUK) in Semester 3<sup>rd</sup> and 5<sup>th</sup> (CGPA: 8.80)

## Projects

---

**Bus Tracking & Ticket Booking App** | React Native, Firebase, Node.js

May 2026 - Present

- Developed a bus tracking and ticket booking application for passengers
- Implemented seat booking, authentication, ticket management, and booking history
- Designed responsive UI for both user and driver modules with smooth navigation

**SnapEats – Food Delivery App** | React Native, Firebase

Dec 2025 - April 2026

- Built a food delivery application with modern and user-friendly UI
- Implemented Add to Cart, Order History, Authentication, and API integration
- Managed app state efficiently for seamless performance and user experience

**SmartSpend – Expense Tracker App** | React Native, Firebase

July 2025 - Nov 2025

- Developed a cross-platform expense tracking application for daily expense management
- Added features including add/edit/delete expenses and Firebase Authentication
- Designed clean and responsive UI with efficient state management

## Experience

---

**React Native Trainee**

Codobux, Mohali

July 2025 – August 2025

- Completed hands-on training in React Native mobile application development
- Worked on API integration, Firebase Authentication, navigation, and state management
- Developed real-world mobile applications with responsive UI and optimized performance

**Personality Development Mentor – Earn While Learn Scheme**

JMIT, Haryana

January 2025 – Present

- Mentored students in communication skills, confidence building, and placement readiness
- Guided peers in interview preparation, teamwork, and professional development activities

## Certificates / Achievements

---

- Infosys Springboard – Cohort 7 Selected Participant
- TCS iON Career Edge – Young Professional
- Social Media & Web Development – Great Learning
- Organized and managed technical and college events as part of Tunic Club
- Built multiple React Native projects focused on real-world problem solving

## Technical Skills

---

- **Programming Languages:** JavaScript, HTML, CSS
- **Frameworks / Technologies:** React Native, React.js, Firebase, Node.js
- **Tools / Platforms:** GitHub, VS Code, Android Studio, Firebase Console
